iMaXX Statement regarding PFAS

To Whom It May Concern:

iMaXX company products not containing PVC, to the best of the Company's knowledge and after good faith inquiry, do not contain Per- and PolyFluoroAlkyl Substances (PFAS). These substances are not intentionally added or used during production of our products with the exception of PVC insulation of electrical wiring. Although iMaXX sources its materials responsibly, automotive electrical wiring has certain technical requirements which PVC covers. Through responsible sourcing we limit exposure to these substances, but we can not guarantee PVC to be PFAS free.

The information on iMaXX Companies products in this letter is based upon the information provided by the material suppliers and assembly manufactures used by iMaXX Companies to manufacture these products. When available checks are also performed through the IMDS system. As such, iMaXX Companies makes no independent representations or warranties, expressed or implied, and assumes no liability in connection with the use of this information.

Best regards,

Gerben Huizenga
